Author Sheila Gibson lived many years without having a clear sense of purpose. Her life was filled with important, challenging tasks as she took on one role after another. Student, mother, writer: the list went on. But through it all, she felt her life lacked an overall sense of purpose, and she began the work of discovering her own motivation. Choose Your Purpose, Love Your Life is the product of that search, filled with insights and tools that Gibson developed in her journey. Gibson begins by examining the myths that abound in contemporary Western culture regarding purpose itself. For example, "purpose" is commonly equated with "career." That perspective confuses the issue for many, who may wander from job to job, struggling to discover what they want to be. But many aspects of life can impart a sense of purpose. Gibson guides you through the process of identifying the components that can give your life shape and direction. From these components, you will create your own statement of purpose and adjust your self-definition as your life circumstances change. This life-changing book has the potential to help every individual discover the strength and sense of self that already lies within.

Even when everything is going wrong, the science of happiness can help you! Pioneering positive psychologist and New York Times–bestselling author Tal Ben-Shahar shows us how in Happier, No Matter What. Ben-Shahar busts the all-too-common ideas that success brings happiness and that we can seek happiness itself. When hard times thwart our success and steal our joy, these ideas actually invite despair by leaving us with nothing to do. But we can do something: We can climb the SPIRE—Ben-Shahar ' s five-step staircase to hope and purpose. Spiritual: I am experiencing meaning. Physical: My body ' s needs are met. Intellectual: I am learning. Relational: My friends support me. Emotional: I am allowed to feel. By truly living these five elements of well-being, we build the resilience to carry us through anything—from a personal loss to a global pandemic. Ben-Shahar ' s all-new SPIRE method shows us the way to becoming " whole again " —and when we ' re whole, we invite happiness in.
