"All creatures of the world find time to rest. In this lullaby book, countless cozy animals settle down in their beds"--

Retells the story of creation, from the first appearance of light on God's command to the people brought into being to care for God's world. On board pages.

Follow along with a child and his companion as they embark on a mysterious journey. The only words in this book, which is almost a silent book, are those that describe the places on the maps of the journey. These fantastic and evocative places express all the shades of emotions from hope to fear, from wonder to sadness, to finally to love. An unprecedented and highly original itinerary with a story of friendship and great adventure plays out in graphic-novel form that unfolds on the pages between the maps. Highly visual illustrations provide an incentive for children to explore their emotions and create their own new maps for emotional discovery.

Color illustrations demonstrate the ways children enjoy the autumn season.
