An outgrowth of economic history, it expanded as a discipline in the 1960s. Drawing on his unprecedented access to Grace Kelly, bestselling biographer Donald Spoto at last offers an intimate, honest, and authoritative portrait of one of Hollywood's legendary actresses. In just seven years—from 1950 through 1956—Grace Kelly embarked on a whirlwind career that included roles in eleven movies. From the principled Amy Fowler Kane in High Noon to the thrill-seeking Frances Stevens of To Catch a Thief, Grace established herself as one of Hollywood's most talented actresses and iconic beauties. Her astonishing career lasted until her retirement at age twenty-six, when she withdrew from stage and screen to marry a European monarch and became a modern, working princess and mother. Based on never-before-published or quoted interviews with Grace and

those conducted over many years with her friends and colleagues—from costars James Stewart and Cary Grant to director Alfred Hitchcock—as well as many documents disclosed by her children for the first time, acclaimed biographer Donald Spoto explores the transformation of a convent schoolgirl to New York model, successful television actress, Oscar-winning movie star, and beloved royal. As the princess requested, Spoto waited twenty-five years after her death to write this biography. Now, with honesty and insight, *High Society* reveals the truth of Grace Kelly's personal life, the men she loved, the men she didn't, and what lay behind the façade of her fairy-tale life. From the Hardcover edition.

SOCIETY is having a revival. In cities, small towns, and suburbs all over the country Americans are returning to a class system that seemed doomed a generation ago. They are following all the traditions developed by the Old Guard of an earlier era. But there is a difference. The top rung of the social ladder is now the goal of the many rather than the few. Social position can be earned, whereas, formerly, it could be achieved only by birth. That is why the old-line families are claiming that "Society is dead." And they may be right when they think of society as their grandmothers knew it. But a new society is springing up that bears the closest resemblance to the old. It is bigger; many newcomers have reached the heights. But they have not killed society, even in its original sense. The prestige of the old inner circle has never been higher. Acceptance by this Old Guard is the criterion by which newcomers gauge their success. Almost all the recent arrivals in the world of

high society are rich. But they are not satisfied with wealth in itself. In the prosperity that followed World War II many Americans began to earn large incomes. The result is that the possession of money no longer guarantees prestige. And so a position in society has become a status goal.
