pupils to use as a reminder of the main results and methods. Each book offers an ample supply of exercises to consolidate work covered by investigation, project, class discussion, class teaching etc.

This new edition of the best-selling STP Mathematics series provides all the support you need to deliver the 2014 KS3 Programme of Study. These new student books retain the authoritative and rigorous approach of the previous editions, whilst developing students' problem-solving skills, helping to prepare them for the highest achievement at KS4. These student books are accompanied by online Kerboodle resources which include additional assessment activities, online digital versions of the student books and comprehensive teacher support.

Read Book Stp Mathematics 3a Pupils Book

Part of the ST(P) graded series in mathematics, this book is intended to cover most attainment targets at Levels 4 and 5 of the National Curriculum, about half at Level 6, some at Level 7 and a few at Level 8. This offers flexibility in the use of the book - for example, the work at Levels 4 and 5 can be used sparingly for consolidation and revision for those pupils who have reached those levels before entering secondary school and there is plenty of work beyond Level 5 to enable them to progress.

Written for use with the Cambridge Primary Mathematics Curriculum Framework, and endorsed by Cambridge International

Read Book Stp Mathematics 3a Pupils Book

Examinations, the Cambridge Primary Mathematics series is informed by the most up-to-date teaching philosophies from around the world. It aims to support teachers to help all learners become confident and successful mathematicians through a fun and engaging scheme. Through an investigatory approach children learn the skills of problem solving in the context of other mathematical strands in the course. The course will encourage learners to be independent thinkers with the confidence to tackle a wide range of problems who understand the value and relevance of their mathematics. Classroom discussion is encouraged to help learners become good mathematical communicators, to justify answers and to make connections between ideas. This series is part of Cambridge Maths (www.cie.org.uk/cambridgeprimarymaths), a project between Cambridge University Press and Cambridge
